

This image shows a wireframe of a travel website's layout, illustrating the structure and components of the site.

The main sections include:

- Header:** Contains the logo, navigation links (Découvrir, Destinations, Nos offres), and user account links (S'inscrire, Connexion).
- Hero Section:** Features a large image of a tropical beach at sunset, labeled "Seychelles - 5*". Below it are five smaller thumbnail images and a detailed description box for "Bali - 5*".
- Text Content:** A section with the heading "Qui ducimus similiq, ipsum neque suscipit" followed by a long paragraph of placeholder text.
- Footer:** Includes social media links for X, Facebook, Instagram, and YouTube, along with legal links (Informations, Mentions juridiques, Conditions d'utilisation du site web, Politique d'utilisation des cookies).
- Destinations Page:** Shows a detailed view of the "Bali" destination page, featuring a waterfall image, a mountain landscape, rice terraces, and Tanah Lot temple, each with its own descriptive text block.
- Call-to-Action:** A prominent button labeled "Réserver" (Book) is located at the bottom of the destination page.
- Overall Structure:** The wireframe uses colored boxes (red, green, blue, orange) to highlight different sections and components, such as the header, hero area, footer, and destination details, against a light gray background.
